2021 Issue #02

Hello HOG Family...

I'm sure that the more it snows, the more you are yearning to shine up your Harley and hit the road. So, I guess it would be totally rude to say that Al is just a few miles from reaching his goal of hitting 100,000 miles on his. Probably reach that this weekend. Seriously, we do miss you all and wish we all were on the road together.

Be sure to check out the Activities update and reminders...there is homework for those who plan to participate on the overnight rides.

Also, Hot Rod is starting to update their calendar... dates and details for February and March are on their page in this newsletter.

Director: Greg Nowak

Thank you everyone for attending the meeting on Sunday, I feel the new officers are doing an excellent job and anticipate it improving even more as the year and their experience progresses ... I mentioned the remote offices training ROTC but it seemed to have no interest. I feel we need at least one officer from the chapter to attend, normally I would ask Scott to fall on the sword but for this one I will attend and report back.

The chili cook-off definitely received interest; Michele is going to follow up with Josey at the Rusty Spoke to see if she is interested. If not, we are going to look into other options. Michelle is going to champion this project, for ideas or to volunteer and become involved please contact her – email: shadsmom1968@aol.com. Help is always greatly appreciated and needed.

With new people you get fresh new ideas, please continue your excellent support of them, and let's get some new faces on the committees on the major events.

Winter will end I promise

Thank you all very much
Greg

Assistant Director: Scott Herbert

Hi Everyone, I don't have too much but I thought I would touch base once again on the Ride 365. Anyone that would like to be enrolled in the Ride365 program needs to get their mileage in early (before riding for the season). The first entry for the year is your starting point. Your mileage does not roll over from the previous year. Greg went through the last mileage report from Carolyn and added 1 mile to everyone's mileage, so they have an entry for this year and a starting point. He only did this for members that were enrolled last year. This is different than your lifetime mileage which does roll over year to year. We will not add past and present mileage. Only present mileage can be added, or the entry will be flagged by HD. New bikes are not automatically enrolled in either program (lifetime or Ride365). Members must enroll by giving Greg their info. Call me if you have any questions about this program.

Spring Run this year is still in the works. With Covid they are still trying to figure out if we will have it or not. We will still meet at Mel and Alicia's for Breakfast and a ride regardless. There will be a sign-up sheet at the next meeting so Alicia can know how many people to plan for breakfast.

See you all soon,
Scott

June 25/27 Summer Party update - There were a few questions regarding the campsites for our summer Party. I called and verified they can accommodate any size campers.

So far Michelle Berlin has requested a camp site. There are 3 Full hook-up sites available at \$45 per night and 6 Rustic sites at \$20 per night. If you are interested in reserving a campsite instead of a room, please let me know right away as there are limited sites. First come first reserved!

September 10-12 - Ohio Trip to the Air Force Museum reminder: You are responsible for booking your own room (*and cancelling them*) if you decide to join us on this ride. There are 14 rooms at the Holiday Inn there at \$109 per night (2) plus tax (\$245 total), which includes breakfast. They are also going to block an area in the parking lot for us. We have 7 King rooms and 7 Doubles. They have a bar and restaurant on the premises. A booking link has been added to the Facebook invite and to the website calendar.

July 31-August 7- The Branson, MO trip. In order to finalize the trip/ride plan, we need everyone to sign up by the end of March for this trip. Rooms fill up fast and we want to make sure we can find a nice place to stay.

As always stay safe and see you next month,
Jamie and Terri
